

Hope is A Beautiful Dream (c) Belinda McArdle 2013

About the Song

This is such a lovely song to sing in a group and I particularly enjoy hearing all the parts being sung but not being able to hear all the personal hopes and dreams that may be dancing in the minds of the singers.

C **Em**
Hope – is a beautiful - Hope is a beautiful –
F C G
Hope is a beautiful - Dream

C
For my grasses greener
F
To my knowing keener
C G
For my courage in the sun
C
To my wide horizons
F Am
For my new moon rising
C G
To my woven threads undone**Hope....**

To our tribe around here
For our close and our dear
To our trials overcome
For our dusted memories
To our warm assembly
For our riches one by one..**Hope....**

To the shade so precious ...
For the air that feeds us
To the home where we are safe
For connected living
To our hearts forgiving
For our peace on gentle waves.....**Hope ...**
