

MAY PEACE PREVAIL ON EARTH

© Belinda McArdle 2008

Grain by grain by grain by grain by grain by grain by grain we build our walls
And grain by grain by grain by grain by grain we let them fall
Smoothing, soothing, carving out a bridge of peace
May peace prevail on Earth

Drop by drop by drop by drop by drop by drop by drop we drain the well
And drop by drop by drop by drop by drop by drop we feed back the swell
Surging, journeying, the ebb and flow for peace
May peace prevail on Earth

Breath by breath by breath by breath by breath by breath by breath we fan the flames
And breath by breath by breath by breath by breath the fire tames
Learning, discerning, holding on and letting go for peace

Step by step by step by step by step by step by step we march our course
And step by step by step by step by step we rest, we pause
Listening, moving forward and toward a world of peace
May peace prevail on Earth
May peace prevail on Earth

Grain by drop by step by breath by drop by grain
Grain by drop by step by breath by drop by grain
May peace prevail on Earth
May peace prevail on Earth
May peace prevail on Earth
On Earth, on Earth
